

**UPDATE: March 23, 2020**

**Dear Clients and Guests,**

**As stated in our previous statement, Great Life Counseling Center (GLCC) is committed to prioritizing the health and safety of our clients, team members, and guests. Due to concerns regarding the spread of the Coronavirus in our community, Dallas County officials issued a shelter-in-place order to go in effect at 11:59pm on March 23, 2020. In compliance with these orders, we are temporarily closing our office doors to clients and the public, effective immediately.**

**Although the order is scheduled to end on April 3<sup>rd</sup>, we are anticipating it will be extended further. Therefore, all of Great Life Counseling Center services will be provided via telehealth until April 24<sup>th</sup>. Of course, if things improve sooner than predicted, we will publish a celebratory statement regarding the change in plans.**

**Moving forward, the Great Life team will continue to brainstorm creative ways in which we can continue to be a resource and support to our clients, colleagues, and other members of the Dallas community during this time of uncertainty. One of the ways we have already started to do this is offering our services via telehealth. While we would all prefer in-person interaction, we have discovered great HIPAA-compliant telehealth solutions that will allow us to virtually meet you right where you are. In addition, we encourage you to follow us on social media as we will attempt to be more active in posting psycho-educational articles and videos on how you can exercise self-care and remain socially connected during this time.**

**The Great Life team accepts this challenge of achieving and maintaining excellent social connections with our clients and the community-at-large while observing the social distancing necessary to flatten the curve of the spread of COVID-19.**

**As always, we wish you well and encourage you to take care of yourself, your loved ones, and your community.**

**Sincerely,**

**The Great Life Counseling Center Team**
